Dear Sir,

RE: LEGAL OPINION ON THE PROPOSED SHARE PURCHASE AGREEMENT

We write further to our meeting of last week. Having reviewed the draft agreement and the supporting corporate records, we set out below our advice on the principal risks and the amendments we recommend before signature.

In summary, the draft is workable but leaves the buyer exposed on the warranty and indemnity provisions. We propose a short list of changes, and we would be glad to discuss them at your convenience.

Please do not hesitate to contact us should you require anything further.

Yours faithfully,

Azhaar Ahmad Choudhary
